BOOK COVERS

The Build Your Book Course

with Angela Treat Lyon

I hope you will cruise through all these cover designs and pick out elements you like, and make notes for future reference

Notice the ones with the red arrows - crappy covers, in my opinion. The sideways arrowed ones are OK but not compelling.

Remember you have so many opportunities for a great cover - don't skimp, don't sacrifice and please, don't make the mistakes we go over in the workshop classes!

Here are some handy resources.
